Toll Blending Services

Starpatch Concrete Products proudly offers the following services:

- **Toll Blending** – we can blend your formula and package it the way you want. We have small to large order size capability, our minimum order size is surprisingly small. Minimum order sizes depend on formulation and packaging. Pricing for Toll blending is determined on a case-by-case basis.
- **Formulation** – we can help you with your formulation, or help you optimize your formula for the production process. We have experience developing formulas for customers from nothing more than a customer concept.
- **Private Labeling** – we will entertain private labeling scenarios. As a result of our private labeling efforts we have been able to help many customers maximize their profits.
- **STRICT CONFIDENTIALITY** - In all private blending scenarios we adhere to complete confidentiality – **guaranteed!**
